

# BADMINTON WALES RETURN TO COURT ROADMAP

## Return to Court: The starting point

*“The coronavirus will remain a serious risk to us until a vaccine or an effective treatment is available. So, as we start to consider moving out of the rigid but effective control measures that we first put in place, we are clear that this is a process of managing, not eliminating risk.*

*Much as we might want it to, ‘normal’ life will not be possible for many months – possibly years”.*

[Welsh Government - Unlocking Our Society and Economy](#)

The COVID-19 pandemic has changed our lives and our sport drastically. Training and competition venues across the world closed, and our sport’s activities were suspended. With a view to the future, Badminton Wales has developed a roadmap for returning to the court. These guidelines are intended as recommendations for all members of the Badminton community to continue to enjoy and participate in our sport during the current global health emergency, and to return to a shared enjoyment of it in the future.

The guidelines are our proposed ‘traffic light’ approach to returning to the court with further guidance to complement as we move through.

We are closely monitoring and continuously evaluating the situation in relation to the pandemic. Being aware of the current situation, following WG guidelines and adjusting our habits accordingly will enable us to continue to practice our sport and gradually return to regular training and competition practices.

Badminton Wales continues to work in collaboration with other National Governing Bodies and our partners Sport Wales, Welsh Sports Association and Welsh Government to understand how these changes will take effect in our Sport.

Current Regulations: -

## Exercise, playing sport and games

- Lockdown Exercise once a day outside of house on own or with household.
- Red Exercise more than once a day and incidental activity locally.  
**Outdoor sports courts to open. Elite athletes resume some activity.**
- Amber Team and individual sports, non-contact sport and games in small groups indoors and outdoors. Some outdoor events with limited capacity and events behind closed doors for broadcast.
- Green All sports, leisure and cultural activities open, with physical distancing. All events resume with limited capacity.

The Traffic light phases for ‘Seeing family and friends’ and for ‘Getting around’ are also of particular relevance to decision making.

### Guiding Principles

The safety and wellbeing of our Elite Performers, Members, Clubs, Coaches, Officials, Volunteers and the wider community is at the heart of any guidance that Badminton Wales distributes. We know that everybody in the Badminton Wales family will be keen to resume Badminton activities as soon as it is safe and appropriate for them to do so.

Our priority, as we begin our journey back to court, will be to ensure the safety and wellbeing of everyone in the Badminton community.

The guidance that follows provides sport specific advice however it is important to note that any return to activity must take account of local conditions and any risk assessment for normal activities should be undertaken as well as ensuring that all government guidance around Covid-19 is taken into account.

It is the responsibility of each athlete, coach and facility to make that assessment based on their local environment. Risk assessments must take into account mitigations and plans for when activities do not go as expected. Planning scenarios around, for example, an injury occurring to a player and the need to support that athlete while distancing should be undertaken – risk assessment template is available from BW.

HEALTH	If you are having any doubts or concerns about the risk to your health or that of others, stop and re-assess!
STAY UP TO DATE	How will you ensure that those you are with are following the latest guidelines?
BEFORE-DURING-AFTER	What do you need to do before taking part? Have you assessed the risks?

When lifting restrictions please consider the following at a local level:

- Can the measures be implemented effectively in practice?
- How will you clearly communicate the changes to all without disadvantaging any parties?
- Will you need to provide extra encouragement or incentives to bring people back to the sport?
- Ensure you consider any consent issues – any decision to participate should be voluntary and informed.

### Lifting lockdown in each area of our sport

Different elements may progress through the traffic light phases – from Black to Green at different rates depending on Welsh Government advice. It's important to note that 'Green' is not a return to a pre-COVID19 normal, it's going to be a phase where the sport is functioning alongside the virus and could last some time.

Office working and face to face meetings resume where required with distancing, cleaning, sanitising and hygiene measures in place.

At each stage of reopening access to sport, the following questions set out by Welsh Government should be considered.

The seven questions the Welsh Government will ask when it considers relaxing any part of the lockdown restrictions are:

1. Would easing a restriction have a negative effect on containing the virus?
2. Does a particular measure pose a low risk of further infection?
3. How can it be monitored and enforced?
4. Can it be reversed quickly if it creates unintended consequences?
5. Does it have a positive economic benefit?
6. Does it have a positive impact on people's wellbeing?
7. Does it have a positive impact on equality?
