

BADMINTON WALES RETURN TO COURT ROADMAP

In May 2020, the Welsh Government set out a traffic light-style approach to the easing of the regulatory restrictions in place during the first wave of the pandemic (Unlocking our society and economy: continuing the conversation).

In August, the Welsh Government published the Coronavirus Control Plan for Wales. This described the approach to managing coronavirus in Wales, from prevention, through to local action to manage outbreaks and incidents, to all-Wales measures.

This refreshed plan - [Coronavirus Control Plan: Alert Levels in Wales](#) sets out in more detail how national measures described in the Coronavirus Control Plan will be introduced in a more predictable way, revisiting the principles of the traffic light system.

The Sport of Badminton in Wales, just as all other sports, have endured a long and difficult 2020 continually reacting to a pandemic with its ever changing and challenging restrictions. The approval of the first COVID-19 vaccine in December and subsequent start of the vaccination programme brings hope and the promise of a brighter future ahead, where our Badminton Family will be back on court once again enjoying the Sport that we all love. We are on the road to recovery, but it will take time and our guidelines, which will align to the Traffic Light Alert Levels set out in the [Coronavirus Control Plan: Alert Levels in Wales](#), will ensure that the members of the Badminton Community can continue to participate in our sport safely and within the Alert Level restrictions.

With a view to the future, Badminton Wales has updated the 2020 roadmap for our return to the court which now aligns to the Alert Levels set out for Wales. The roadmap sets out what we are able to do at each Alert levels enabling us to look ahead to what is possible for our sport as we move through the months on the road back to the court and the sport we love.

The safety and wellbeing of our Elite Performers, Members, Clubs, Coaches, Officials, Volunteers and the wider community is at the heart of any guidance that Badminton Wales distributes. We know that everybody in the Badminton Wales family will be keen to resume Badminton activities in 2021 as soon as it is safe and appropriate for them to do so.

ALERT LEVELS

Indicators

Current Alert Level in Wales: -

 **Alert level four (very high risk)**

Guiding Principles

Our priority, as we begin our 2021 journey back to court, will be to ensure the safety and wellbeing of everyone in the Badminton community.

The guidance that follows provides sport specific advice however it is important to note that any return to activity must take account of local conditions and any risk assessment for normal activities should be undertaken as well as ensuring that all government guidance around Covid-19 is taken into account.

It is the responsibility of each athlete, coach and facility to make that assessment based on their local environment. Risk assessments must take into account mitigations and plans for when activities do not go as expected. Planning scenarios around, for example, an injury occurring to a player and the need to support that athlete while distancing should be undertaken – risk assessment template is available from BW.

HEALTH	If you are having any doubts or concerns about the risk to your health or that of others, stop and re-assess!
STAY UP TO DATE	How will you ensure that those you are with are following the latest guidelines?
BEFORE-DURING-AFTER	What do you need to do before taking part? Have you assessed the risks?

When lifting restrictions please consider the following at a local level:

- Can the measures be implemented effectively in practice?
- How will you clearly communicate the changes to all without disadvantaging any parties?
- Will you need to provide extra encouragement or incentives to bring people back to the sport?
- Ensure you consider any consent issues – any decision to participate should be voluntary and informed.

Badminton Wales continues to work in collaboration with other National Governing Bodies and our partners Sport Wales, Welsh Sports Association and Welsh Government throughout these times to ensure we can understand any changes that may be implemented and how these changes will take effect in our Sport.

Moving through the Alert Levels of our Sport

Different elements may progress through the Alert Levels at different rates depending on the Control Plan set out by Welsh Government. It's important to note that 'Alert Level 1 - Green' is not a return to a pre-COVID19 normal, it's going to be a phase where the sport is functioning alongside the virus and could last some time.

Element of the sport	Lockdown Alert Level 4	Alert Level 3	Alert Level 2	Alert Level 1
Elite Athletes	Professionals and Identified Elite Athletes only can continue to train.	<p>Indoor Facilities to open.</p> <p>BWPP Players resume Hub training in small groups in line with PHW guidance.</p> <p>Only singles be played with distancing measures in place.</p> <p>Double can be played is where each member of a pair comes from the same/extended household (one other household).</p> <p>Excluding U11's</p>	<p>Indoor Facilities to open.</p> <p>BWPP Players resume Hub training in small groups in line with PHW guidance.</p> <p>Double can be played is where each member of a pair comes from the same/extended household (one other household).</p> <p>Excluding U11's</p>	<p>Indoor Facilities to open.</p> <p>BWPP Players resume Hub training in small groups in line with PHW guidance.</p> <p>Excluding U11's</p> <p>Double can be played is where each member of a pair comes from the same/extended household (two other household).</p>

---------------------------------------	----------	---	---	--

At each stage of reopening access to sport, the following questions set out by Welsh Government should be considered.

The seven questions the Welsh Government will ask when it considers relaxing any part of the lockdown restrictions are:

1. Would easing a restriction have a negative effect on containing the virus?
2. Does a particular measure pose a low risk of further infection?
3. How can it be monitored and enforced?
4. Can it be reversed quickly if it creates unintended consequences?
5. Does it have a positive economic benefit?
6. Does it have a positive impact on people's wellbeing?
7. Does it have a positive impact on equality?

Further guidance

In addition to this high-level roadmap of Badminton in Wales, we will be publishing more detailed guidance to help each element of the sport return safely. These documents will continue to be reviewed and new versions published as required:
